

# Money problems

Write how much Jasmine pays in each shop.

1. Jasmine buys this watch

---

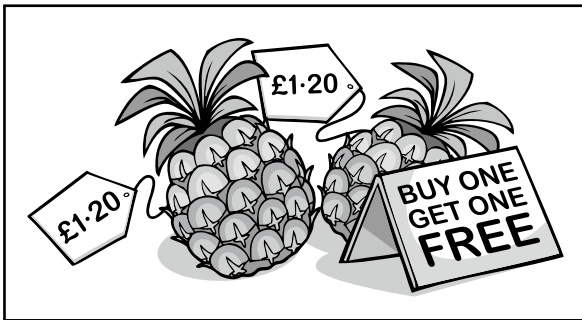

$$21 - 5 = \text{£}16$$

2. She buys this DVD player

---

3. She buys two pineapples

---

4. Jasmine buys this monitor

---

5. Jasmine buys four tins

---

6. She buys this mobile

---

7. How much does Jasmine pay altogether for all of the items?

---
