

u P d a t e

October to December '18

The class will be learning about how to keep themselves safe on the roads. We will be specifically looking at dangers in the local area. We will also be looking at internet safety and awareness.

Our science this term will be looking into genetics and inheritance.

We will be visiting Bearsden Hub and focusing on personal reading development and research skills.

H Crossey and A MacKenzie.

It is useful if each pupil can have:-

- a glue stick
- a couple of writing pencils
- a sharpener
- a small packet of colouring pencils

Maths

This term we will be focusing on the times tables and doing the credit card challenge and a mini topic on 2D and 3D shape.

Language

This term we will be exploring the use of punctuation in our writing. We will be looking at character, setting and plot and how to plan an interesting piece of creative writing.

PE

This will be 2 hours each week and we will be encouraging the children to run a mile as often as possible. This term we will be working on ball skills. Long hair should be tied back. Earrings, watches and hair bands should not be worn. It is helpful if polo shirts could be worn on gym days.

Homework

Thank you to all the children who are returning their homework on a Friday. We will issue spelling grids and the pupils will continue to master the 500 most commonly used spelling word as part of our writing tool kit.
