October 2018

Maths

In maths we will be continuing learning about fractions, decimals and percentages. We will also be starting the topics of time and money.

We will also be introducing a lesson one day a week when both P7 classes will be working together in groups with children from both classes. They will be working on a rotation of active maths stations with IDL links to various areas of the curriculum.

Equipment

Just a reminder that it would be very useful in the pupils could bring the following to school:

- 2 pencils
- Eraser
- Ruler
- Colouring pens and pencils
- Calculator
- Maths Set

Literacy

In writing we will have a focus on both imaginative and personal writing this term. The class will be learning about a variety of more complex literary tools to make their writing even more interesting.

In grammar this term we will be focusing on punctuation, particularly speech marks, commas, semi colons and colons.

P7 will also be creating a short Halloween story book to read to their P1 buddy.

PE

PE will continue to be on a Tuesday and a Wednesday each week. Children with long hair should have a bobble to keep in their gym bag at school.

Earrings must be removed before PE. Please ensure pupils have their PE kits each week.

Topic

We will be continuing to look at natural disasters this term, focusing on the science aspects of these. We will also be completing some literacy and maths work relating to the topic.
